I have listened to regular FM radio for years and I opted to join XM radio for the fact that the majority that is being played over standard FM does not reflect the views and opinions that I have. I have continuously enjoyed the benefits of XM radio because I can choose what I want to listen to at anytime. There are many stations that I frequently listen to that I just could not do without. Do Not embark against the right that we have left under the protection of the first amendment. Cause we all know that it has been butchered enough. LET IT BE!!!!

Sincerely,
Josh Ramsey
